

## Other States Coverage

*A seamless solution for Oregon businesses that need out-of-state coverage*

For more than 95 years, SAIF has made workers' compensation available and affordable to Oregon businesses of all sizes. As Oregon businesses grow beyond the boundaries of the state, SAIF can now provide a seamless workers' compensation solution that expands with them.

**Product** | SAIF has formed partnerships to provide an insurance solution for other states coverage needs in all states except those that are monopolistic: North Dakota, Ohio, Washington, and Wyoming.

To be considered for participation, you must meet **at least** one of the following conditions:

- The payroll for your Oregon workers equals at least 50 percent of your payroll for all workers
- You are incorporated in the State of Oregon
- You are headquartered in the State of Oregon

**Partners** | To provide this new program, SAIF has partnered with Zurich North America, an A+ A.M. Best-rated carrier in the top five national workers' comp carriers in the United States, and United States Insurance Services (USIS), a managing agent. Your existing relationship with your agent or SAIF representative continues with no change if you participate in this program

**Benefits** | This program has a number of benefits for those who participate:

- Ease of purchasing workers' comp for all eligible states through a single source
- Consolidated billing for all workers' comp policies
- Coordination of safety services between SAIF and Zurich
- No minimum premium threshold to be eligible
- Access to online claims information and automated loss run distribution
- Access to a nationwide network of providers
- Stop gap coverage available in monopolistic states
- "If Any" exposures authorized
- Customized pricing
