## Injured Workers and SAIF Corporation's Managed Care Organization

Managed care organizations are certified by the State of Oregon to provide quality medical care to injured workers. CareMark Comp is one of the managed care organizations (MCOs) contracted by SAIF Corporation to provide medical services to employers for their workers injured on the job. Physicians who belong to CareMark Comp or are "qualified" family physicians (see below) are uniquely prepared to treat workplace injuries. SAIF Corporation is proud to introduce MCOs to employers and employees in Oregon.

### When an injury occurs:

#### Emergencies:

- Dial 9-1-1 or seek treatment at the nearest hospital emergency room.

#### Other Injuries:

- Injured workers will be required to seek treatment from a CareMark Comp physician or immediate care facility listed in this directory when their claim is accepted by SAIF Corporation.

— OR —

- Injured workers may be treated by their "family doctor" if that doctor meets the following qualifications:
- Is a medical doctor (M.D.) or doctor of osteopathy (D.O.);
- Specializes in family practice, general practice or internal medicine;

- Agrees to comply with the terms and conditions of CareMark Comp MCO services;
- Has treated the worker prior to the on-the-job injury and maintains the worker's medical records. Or, the "family doctor" must be the doctor officially selected as the worker's primary care doctor through a private health benefit plan prior to the on-the-job injury.

**Injured workers will be notified by letter when their claim is accepted and they are required to see an MCO provider. Injured workers should anticipate a change in medical providers at that time if their treating physician does not participate in the MCO or does not meet the family physician provisions as described.**

- Injured workers should complete a portion of the Employer's Report of Injury (Form 801). If the employer has a return-to-work program, the injured worker should receive a return-to-work form before receiving medical treatment, if possible.

#### Claim Questions:

If you or your employees require additional information call after an injury has occurred or for general information regarding managed care call SAIF Corporation at our toll free number 1.800.285.8525.

## Questions about MCO's

SAIF Corporation has contracted with CareMark Comp, a Managed Care Organization (MCO), to provide medical services to injured workers with accepted claims. If your claim is accepted you will have to treat either with a panel member physician or with your family doctor. Here are some questions asked by injured workers about managed care:

### What is an MCO?

A managed care organization (MCO) is a group of medical providers "managed" by an organization. The organization is composed of physicians and administrators. The organization is certified by the State of Oregon Department of Consumer and Business Services as being able to provide adequate services to all workers in their geographical area, once they meet all of the requirements (i.e. panel member numbers).

The panel member physicians contract with the organization and agree to "abide by the terms and conditions" set forth by the organization. These terms and conditions include a requirement to have certain medical procedures "certified" for medical necessity, a willingness to abide by treatment standards and protocols and philosophy that includes the earliest possible return to work.

### Which employers are enrolled into an MCO and when?

All eligible employers are enrolled. Insured employers are enrolled at the time SAIF Corporation signs an MCO contract that covers their zip code area. New SAIF policyholders are enrolled at the time their policy becomes effective if they are located in a covered zip code area.

**What if I need emergency medical care and cannot get in to see my MCO panel physician?**

Compensable emergency medical care will be paid by SAIF no matter who provides the services. You are always free to seek emergency care from the nearest emergency care provider.

**What if my doctor isn't part of the MCO?**

If you are treating with your family doctor who is a medical doctor (M.D.) or a doctor of osteopathy (D.O.) who is an internal, general or family practice doctor you may be able to continue to treat with him or her.

If you live outside of the areas your MCO serves, you may be able to treat with a doctor who is closer to your home. Your adjuster will be able to answer specific questions. If neither of these situations exists, and your doctor chooses not to be on the panel, you will need to change to an MCO doctor after your claim is accepted and you are enrolled.

**Why should I think the MCO is a good deal?**

The goal of an MCO is to make sure people who get injured at work get the same quality of medical care that everyone else gets. The MCO ensures quality care from

qualified physicians at reasonable prices. This helps to keep the rates your employer is paying for workers' compensation insurance under control, and helps keep more people at your company working.

# How to Use This Directory

## How to choose a hospital:

The CareMark Comp has 16 hospitals which are listed on **page 6** of this directory. Choose a hospital closest to your workplace.

## How to choose an immediate care clinic:

CareMark Comp has 15 immediate or urgency clinics which are listed on **page 6**. These facilities have doctors who will see you without an appointment, and are open on weekends and extended hours. Choose an immediate care clinic closest to your workplace.

## How to choose an occupational medicine clinic:

Occupational medical clinics deal exclusively with those who have suffered an occupational injury or disease. Eight occupational medical clinics are listed on **page 6** of this directory. There are attending physicians at these facilities who will see you without an appointment. many of these facilities have extended operating hours.

## How to choose a doctor:

CareMark Comp has approximately 1,900 doctors and other medical providers in the state. You may choose to make an initial appointment with any of the medical providers listed, which starts on **page 7**. Look for the location closest to your home or work.

This list includes only the CareMark Comp providers who qualify as "attending physicians." A CareMark Comp doctor may refer you to other CareMark Comp medical providers such as physical therapists, (P.T.), or occupational therapist (O.T.) who are listed in this directory on **page 37**.

This directory lists the eligible attending physicians who are participating in CareMark Comp as of June 2011. CareMark Comp reserves the right to make corrections, additions, deletions and changes to the listing of providers.

## Remember:

Injured workers should remember to tell the CareMark Comp doctor that they were injured on the job (when, how and the employer's name). They will be asked to sign a form (Form 827) so the doctor can release information concerning the injury. Injured workers and employers should also complete an Employer's Report of Injury (Form 801) and mail within five days to:

SAIF Corporation  
400 High St. SE  
Salem, OR 97312-1000

## Provider Questions:

Visit CareMark Comp's web site at [www.mhninc.com](http://www.mhninc.com) or call CareMark Comp at (503) 413-5800, FAX at (503) 413-5801 or write to:
