Majoris Health Systems, Inc.

SAIF Corporation, has contracted with Majoris Health Systems, Inc., a state-certified managed care organization (MCO) to provide services to employees injured on the job.

We understand that dealing with an injury can sometimes be stressful and confusing. We therefore recommend that you become familiar with the Majoris procedures *before* you may need to seek care for a work-related injury or illness.

Following are answers to some of the more commonly asked questions concerning our managed care program. Should you have additional questions, please feel free to contact SAIF Corporation at 800.285.8525, or Majoris Health Systems directly at 800.525.0394.

What is Majoris Health Systems?

Majoris is a state-certified managed care organization that contracts with physicians, hospitals, and other health care providers to provide medical services to covered employees with work-related injuries or illnesses. These providers are carefully selected and trained in the treatment of work-related conditions. Majoris, and the health care providers want to make sure that timely, effective, and convenient medical services are available for our covered workers. Majoris will also be working closely with your doctor and SAIF Corporation to help you return to gainful employment as soon as possible after an on-the-job injury or illness.

Is Majoris a workers' compensation insurance company?

No. Majoris contracts with SAIF Corporation, a workers' compensation insurance company.

Majoris monitors medical care that is provided to ensure that it is appropriate and necessary, and it meets specific quality standards.

Majoris does *not* make decisions on acceptance or denial of claims, payment of time loss or medical benefits, or any other workers' compensation benefits. Decisions concerning these and all other claims issues remain the responsibility of SAIF Corporation.

Am I required to see one of the Majoris doctors if I am injured on the job and need medical care?

In most cases, yes. Once your claim is "enrolled" with Majoris Health Systems, (which means you have been given written notice of your requirement to treat within the MCO) you will be required to treat with an MCO provider unless one of the circumstances explained below applies.

The situations in which you may receive compensable care from a non-Majoris provider after your claim is enrolled are as follows:

1. You have a private physician, chiropractic physician, or nurse practitioner who qualifies as a primary care physician, chiropractic physician or authorized nurse practitioner.

Your family physician, chiropractic physician, or authorized nurse practitioner may qualify to treat you under the managed care arrangement, even if s/he is not on the Majoris list of contracted providers. To qualify:

- Your provider must be a medical doctor (M.D.) or osteopath (D.O.), chiropractic physician (D.C.) or authorized nurse practitioner.
- Your doctor must be a family practitioner, general practitioner, internal medicine specialist, chiropractor, or authorized nurse practitioner.
- You must have a history of being treated by that doctor or authorized nurse practitioner -- or have the doctor or authorized nurse practitioner as a designated primary care provider under your group health plan.
- The doctor or authorized nurse practitioner must agree to abide by all terms and conditions of Majoris Health Systems and must refer you to a Majoris provider for any additional care you may need.

If your authorized nurse practitioner is qualified to provide your care, s/he will be allowed to provide medical treatment and authorize time loss for 180 days from the date of the first nurse practitioner visit on the initial claim.

2. There are fewer than three MCO providers available in a given category in Majoris' geographical service area.

You may be allowed to seek treatment from a non-Majoris provider if there are fewer than three Majoris providers in the following categories:

- Acupuncturist (LAC)
- Optometrist (OD)
- Chiropractor (DC)
- Dentist (DMD or DDS)
- Naturopath (ND)
- Osteopath ((DO)
- Physician (MD)
- Podiatrist (DPM)
- Physical therapist (PT)
- Psychologist
- Authorized nurse practitioner (ANP)

All out-of-panel treatment will be subject to Majoris' utilization and treatment standards.

3. You reside outside Majoris' geographical service area.

If you reside outside Majoris' geographical service area, you may select a non-MCO provider if they practice closer to your residence than an MCO provider of the same category and if they agree to the terms and conditions of the MCO.

If you think you qualify for any of the above exceptions and would like consideration for out-of-panel treatment, please contact your adjuster to begin the review process.

Should you receive care from a provider who does not meet the above criteria for out-of-panel treatment, SAIF Corporation will not be required to pay for medical services.

What if I live a long distance from Majoris' service area?

If you live more than one hundred miles from Majoris' geographic service area, you will not be subject to the MCO arrangement.

What if I am currently receiving care from a non-MCO provider for a work-related injury or illness at the time I am enrolled into the MCO program?

You will be required to begin treating with an MCO provider, with the exceptions noted above. However, if you are not yet medically stationary and think that a change of physicians would be medically detrimental to you, you may request review of your situation by the MCO. To request

review, please submit your request in writing to the address listed within 30 days of the date of the action. Failure to request review in writing within 30 days precludes further appeal.

What if I need help finding or scheduling an appointment with an MCO provider?

If you would like help in scheduling an appointment, or if you have contacted several panel providers and were not able to schedule a timely appointment, please contact Majoris for assistance at 800.525.0394.

What do I do if there is a medical emergency and I'm not able to see a Majoris provider?

In true emergency cases, Majoris, your employer and SAIF Corporation believe the first priority is to take care of the medical emergency at an appropriate medical facility. An emergency is defined as a medical condition that if treatment is not rendered immediately, creates the risk of death, serious disability or serious medical consequences.

If your claim is subject to the MCO, and you are far away from or otherwise unable to receive care from a Majoris provider in an emergency, you should seek care from the nearest appropriate medical facility. After you are out of immediate danger, all follow-up care must be provided within the MCO. If emergency care is needed and an appropriate Majoris facility is available, care should be sought from the Majoris member facility if possible.

If you are in need of emergency care and unsure of where to go, seek medical care from the closest available medical facility. However, emergency care should not be used as a substitute for routine, ongoing medical care from an attending physician.

What can I do if I disagree with an action taken by Majoris or its member physicians?

SAIF Corporation and Majoris both want to make sure you receive timely, effective and convenient medical services for your work-related injury. However, should a dispute arise concerning your care within the MCO, you may request review through Majoris' Internal Dispute Resolution Process.

Such requests must be made in writing within 30 days of the action giving rise to the dispute. You should state the specific issue for which you are requesting review and include any information you think we should consider in our review. Address your requests to "**Administrator, Majoris Health Systems, P.O. Box 1728, Lake Oswego, OR 97035.**" If you appeal

timely, we will review the disputed decision and notify you of our decision within 60 days of your request. Thereafter, if you continue to disagree with our decision, you may appeal to the Director of the Department of Consumer and Business Services for further review.

Please note that failure to submit a request for review in writing to Majoris Health Systems within 30 days of the action giving rise to the dispute means you lose your right of further appeal to the Director of DCBS.

Remember:

Injured workers should remember to tell the Majoris MCO doctor that they were injured on the job (when and how) and the employer's name. They will be asked to sign a form (Form 827) so the doctor can release information concerning the injury to SAIF. Injured workers and employers should also complete the Employer's Report of Injury (Form 801). It can be submitted online (through Business Online) or downloaded and emailed (saif801@saif.com), faxed to **800.475.7785**, or mailed to "**SAIF Corporation 400 High St SE, Salem OR 97312-1000**" within five days.
