Call on the Flu Fighters to protect your workers

SAIF takes successful internal flu prevention campaign public.

SAIF takes successful internal flu prevention campaign public. Need help keeping the flu out of your workplace? The Flu Fighters, a team of animated characters whose simple message helps fight the spread of germs, are at your service.

The Flu Fighters are Maxine Vaccine, Hans Washer, and Andy Septic. Their essential message is: Be a workplace flu fighter: practice the flu fighting code.

They began as an internal flu prevention campaign at SAIF, but have been so successful that we're sharing them with Oregon employers as a public service.

To view and download Flu Fighter posters (and learn the code), just go to www.saif.com/flu.
