PROGRAM**

CareMark Comp MCO

Medical Provider and Facilities

DIRECTORY

SEPTEMBER 2021

R-954

CareMark Comp

SAIF, has contracted with CareMark Comp, a state-certified managed care organization (MCO) to provide services to employees injured on the job.

We understand that dealing with an injury can sometimes be stressful and confusing. We therefore recommend that you become familiar with the CareMark Comp procedures as you progress in treatment and healing.

Following are answers to some of the more commonly-asked questions concerning the managed care program. Should you have additional questions, please feel free to contact SAIF at 800.285.8525, or CareMark Comp directly at 503.413.5800.

What is CareMark Comp?

CareMark Comp is a state-certified managed care organization that contracts with physicians, hospitals, and other health care providers to provide medical services to covered employees with work-related injuries or illnesses. These providers are carefully selected and trained in the treatment of work-related conditions. CareMark Comp, and the network health care providers want to make sure that timely, effective, and convenient medical services are available for covered workers. CareMark Comp will also be working closely with your doctor and SAIF to help you return to gainful employment as soon as possible after an on-the-job injury or illness.

Is CareMark Comp a Workers' Compensation insurance company?

No. CareMark Comp contracts with SAIF, a workers' compensation insurance company. CareMark Comp monitors medical care that is provided to ensure it is appropriate and necessary, and it meets specific quality standards.

CareMark Comp does *not* make decisions on acceptance or denial of claims, payment of time loss or medical benefits, or any other workers' compensation benefits. Decisions concerning these and all other claims issues remain the responsibility of SAIF.

Am I required to see one of the CareMark Comp doctors if I am injured on the job and need medical care?

In most cases, yes. Once your claim is "enrolled" with CareMark Comp (which means you have been given written notice of your requirement to treat within the MCO) you will be required to treat with an MCO provider unless one of the circumstances explained below applies.

The situations in which you may receive compensable care from a non-CareMark Comp provider after your claim is enrolled follow.

1. You have a private physician, chiropractic physician, or nurse practitioner who qualifies as a primary care physician, chiropractic physician or authorized nurse practitioner.

Your family physician, chiropractic physician, or authorized nurse practitioner may qualify to treat you under the managed care arrangement, even if s/he is not on the CareMark Comp list of contracted providers. To qualify:

- Your provider must be a medical doctor (MD) or doctor of osteopathy (DO), chiropractic physician (DC) or authorized nurse practitioner (ANP).
- Your doctor must be a family practitioner, general practitioner, internal medicine specialist, chiropractor, or authorized nurse practitioner.
- You must have a history of being treated by that doctor or authorized nurse practitioner and your medical records have been maintained by the provider, or you have the doctor or authorized nurse practitioner as a designated primary care provider under your private group health plan.
- The doctor or authorized nurse practitioner must agree to abide by all terms and conditions of CareMark Comp and must refer you to a CareMark Comp provider for any additional care you may need.

If your authorized nurse practitioner is qualified to provide your care, s/he will be allowed to provide medical treatment and authorize time loss for 180 days from the date of the first nurse practitioner visit on the initial claim.

2. There are fewer than three MCO providers available in a given category in CareMark Comp's geographical service area.

You may be allowed to seek treatment from a non- CareMark Comp provider if there are fewer than three CareMark Comp providers in the following categories:

- Acupuncturist (LAC)
- Optometrist (OD)
- Chiropractor (DC)
- Dentist (DMD or DDS)
- Naturopath (ND)
- Osteopath ((DO)
- Physician (MD)
- Podiatrist (DPM)
- Physical therapist (PT)
- Psychologist
- Authorized nurse practitioner (ANP)

All out-of-panel treatment will be subject to CareMark Comp's utilization and treatment standards.

3. You reside outside CareMark Comp's geographical service area.

If you reside outside CareMark Comp's geographical service area, you may select a non-MCO provider if they practice closer to your residence than an MCO provider of the same category and if they agree to the terms and conditions of the MCO.

If you think you qualify for any of the above exceptions and would like consideration for out-of-panel treatment, please contact your adjuster to begin the review process.

Should you receive care from a provider who does not meet the above criteria for out-of-panel treatment, SAIF will not be required to pay for medical services.

What if I live a long distance from CareMark Comp's service area?

If you live more than one hundred miles from CareMark Comp's geographic service area, you **will not be subject to the MCO arrangement.**

What if I am currently receiving care from a non-MCO provider for a work-related injury or illness at the time I am enrolled into the MCO program?

You will be required to begin treating with an MCO provider, with the exceptions noted above. However, if you are not yet medically stationary and think that a change of physicians would be medically detrimental to you, you may request review of your situation by the MCO. To request review, please submit your request in writing to the address listed within 30 days of the date of the action. Failure to request review in writing within 30 days precludes further appeal.

What if I need help finding or scheduling an appointment with an MCO provider?

If you would like help in scheduling an appointment, or if you have contacted several panel providers and were not able to schedule a timely appointment, please contact CareMark Comp for assistance at 503.413.5800.

What do I do if there is a medical emergency and I'm not able to see a CareMark Comp provider?

In true emergency cases, CareMark Comp, your employer, and SAIF believe the first priority is to take care of the medical emergency at an appropriate medical facility. An emergency is defined as a medical condition that if treatment is not rendered immediately, creates the risk of death, serious disability, or serious medical consequences.

If your claim is subject to the MCO, and you are far away from or otherwise unable to receive care from a CareMark Comp provider in an emergency, you should seek care from the nearest appropriate medical facility. After you are out of immediate danger, all follow-up care will be provided within the MCO. If emergency care is needed and an appropriate CareMark Comp facility is available, care should be sought from the CareMark Comp member facility if possible.

If you are in need of emergency care and unsure of where to go, seek medical care from the

closest available medical facility. Emergency care should not be used as a substitute for routine, ongoing medical care from an attending physician.

What can I do if I disagree with an action taken by CareMark Comp or its member physicians?

SAIF and CareMark Comp want to make sure you receive timely, effective, and convenient medical services for your work-related injury or illness. However, should a dispute arise concerning your care within the MCO, you may request review through CareMark Comp's Internal Dispute Resolution Process.

Such request must be made in writing within 30 days of the action giving rise to the dispute. You should state the specific issue for which you are requesting review and include any information you think we should consider in our review. Address your requests to CareMark Comp Communications Liaison, Managed HealthCare Northwest, Inc, P.O. Box 4629, Portland, OR 97208-4629. If you appeal timely, CareMark Comp will review the disputed decision and notify you of their decision within 60 days of your request. Thereafter, if you continue to disagree with their decision, you may appeal to the Director of the Department of Consumer and Business Services (DCBS) for further review.

Please note that failure to request a review in writing to CareMark Comp within 30 days of the action giving rise to the dispute means you lose your right of further appeal to the Director of DCBS.

Remember:

Injured workers should remember to tell the CareMark MCO doctor that they are injured on the job (when, how, and the employer's name). They will be asked to sign a form (Form 827) so they doctor can release information to SAIF concerning the injury. Injured workers and employers should also complete the Employer's Report of Injury (Form 801). It can be submitted online (through Business Online) or downloaded and emailed (saif801@saif.com), faxed (800.475.7785) or mailed (SAIF, 400 High St SE, Salem OR 97312-1000) within five days.
