

Regional safety and health services

You want your employees to be **safe**, but there's so much information out there, where do you start? With **SAIF's** safety and health services team.

They're the ultimate source for busy employers, providing expertise in all the services listed below. And while this list is not all-inclusive, it gives you an idea of the types of training, services, materials, and other resources we have available free to all policyholders. All the trainings are coordinated by your safety management consultant and can be customized to fit your particular needs.

For more information, or to schedule a meeting to discuss how we can help you, please contact your safety management consultant, or call 800.285.8525.
