Folding Table Risers

After

Before

Counter Height,  
Bar Height, or Higher  
**without tools.**

#1-selling folding table riser on Amazon.com

## PRODUCT APPLICATIONS

Raises the height of tables used in agricultural settings for processing food, sorting produce, building flats, trimming, etc.

## THE PROBLEM

- A large number of workers suffer from lower back pain because their work table is too low.

## THE SOLUTION

- Lift Your Table® folding table risers, lift the height of folding tables from seated height to Counter Height, Bar Height, or higher quickly, safely, and without tools.
- Save workers' backs AND INCREASE PRODUCTIVITY

## CORE COMPETENCIES

- Allows re-purposing of existing tables vs. purchasing costly adjustable tables. (Ditch the cinder blocks!)

## THE PRODUCT

- 4 furniture grade PVC risers quickly attach to most folding tables. Tables remains strong and sturdy.
- 3 different heights • No tools required
- Quick installation • Easily portable
