

Forklift knowledge test

#	QUESTION	TRUE	FALSE
1.	Watching a training video is enough to complete forklift certification.	<input type="radio"/>	<input type="radio"/>
2.	You should inspect forklifts at the start of each shift or prior to using one.	<input type="radio"/>	<input type="radio"/>
3.	You should always wear gloves and eye/face protection when fueling propane forklifts.	<input type="radio"/>	<input type="radio"/>
4.	Forklifts operators are responsible for knowing the weight capacity of the machine they are operating.	<input type="radio"/>	<input type="radio"/>
5.	When moving cargo, you should always keep the forks as low as possible, and as far back on the forks as possible, to maintain the best center of gravity.	<input type="radio"/>	<input type="radio"/>
6.	Always transport cargo with the forks tilted down.	<input type="radio"/>	<input type="radio"/>
7.	Rear-wheel steering on forklifts handles and feels identical to cars and trucks.	<input type="radio"/>	<input type="radio"/>
8.	Forklifts are extremely stable while crossing steep slopes and are excellent hillside machines.	<input type="radio"/>	<input type="radio"/>
9.	While driving in reverse, it is only necessary to glance over your shoulder prior to moving.	<input type="radio"/>	<input type="radio"/>
10.	When forward visibility is blocked by cargo, you should lean out as far as possible to see your path of travel.	<input type="radio"/>	<input type="radio"/>
11.	Forks can be left in whatever position is convenient for the driver when the forklift is parked.	<input type="radio"/>	<input type="radio"/>
12.	Those under the age of 18 are allowed to operate forklifts if they complete certification prior to doing so.	<input type="radio"/>	<input type="radio"/>
13.	Forklifts can always be safely operated at maximum speed, regardless of terrain, conditions, visibility, and any other factor.	<input type="radio"/>	<input type="radio"/>

#	QUESTION	TRUE	FALSE
14.	Your co-workers will appreciate you and pay extra attention to forklifts in your workplace if horns are honked excessively and unnecessarily.	<input type="radio"/>	<input type="radio"/>
15.	Once you are an experienced forklift operator, safety rules and best practices no longer apply to you.	<input type="radio"/>	<input type="radio"/>
16.	A forklift operator's number one responsibility is ensuring the safety of pedestrians in their vicinity.	<input type="radio"/>	<input type="radio"/>
17.	Forklift forks can drop unexpectedly at any time, and employees should never stand, walk, or reach underneath them while they are elevated.	<input type="radio"/>	<input type="radio"/>
18.	Passengers are permitted to ride on forklifts.	<input type="radio"/>	<input type="radio"/>
19.	Tire Chocks or dock locks must always be used prior to entering trucks or trailers with forklifts.	<input type="radio"/>	<input type="radio"/>
20.	Trailers should only be entered by forklifts when they are supported by a truck, landing gear, or jacks.	<input type="radio"/>	<input type="radio"/>
21.	Rough terrain forklifts can drive on any terrain desired, as long as you get enough of a running start.	<input type="radio"/>	<input type="radio"/>
22.	Seatbelts are only required to be used on forklifts when your supervisor or safety officer is present	<input type="radio"/>	<input type="radio"/>
23.	If you feel your forklift start to tip over, you should immediately attempt to jump off on the opposite side of the direction it is tipping.	<input type="radio"/>	<input type="radio"/>
24.	This test, in addition to watching a training video, is enough to complete your forklift certification.	<input type="radio"/>	<input type="radio"/>

Forklift knowledge test answer key

#	QUESTION	TRUE	FALSE
1.	Watching a training video is enough to complete forklift certification.	<input type="radio"/>	<input checked="" type="radio"/>
