We're Here for You

Please note: While we make every effort to ensure the accuracy of this directory, provider status in this directory may change without notice. For more information or to confirm a provider's participation, please contact the MCO Service Team at 971-428-1828, Monday through Friday between 8 a.m. and 5 p.m. (Pacific time), or visit [ProvidenceMCO.com](https://www.providencemco.com).

If you have difficulty making an appointment, please call Providence MCO for assistance. Occasionally, physicians may temporarily limit the number of injured workers they are able to see or may be unable to take new patients if they currently have full practice. Also, specialist physicians (e.g., orthopedic surgeons) may require a referral from a primary care or occupational medicine physician. The MCO staff can help you find a physician. For help finding a physician, please call us at: 971-428-1828.

Providence MCO is a state-certified workers' compensation managed care organization sponsored by Providence St Joseph Health. It is designed to provide coordinated high-quality medical care under Oregon workers' compensation laws.

Because your employer or their workers' compensation insurer has contracted with Providence MCO, you now have access to the most experienced workers' compensation health care system in Oregon. Actual benefits will be determined by your employer or their workers' compensation insurer.

Here's what Providence MCO does for you:

- Provides immediate access to the comprehensive system of hospitals, physicians, and other medical providers.
- Assures you of prompt diagnosis and expert treatment by qualified providers with expertise in treating work-related injuries.
- Works with your employer to give you sensible return-to-work options.

Here's how Providence MCO works:

If you experience a job-related illness or injury, you will be notified when your claim has been enrolled in the MCO. You must receive your medical care for that condition from a Providence MCO attending physician or your own primary care physician, authorized nurse practitioner, or chiropractor. Any specialty care, including physical therapy, must be provided by Providence MCO providers. If your provider does not participate in Providence MCO or does not meet the qualifications described below, you will need to change providers.

What to do if you are injured on the job

In Case of Emergency

Call 911 or go to the nearest emergency room.

For Non-Emergencies

You must seek care from a Providence MCO-participating occupational medicine clinic, urgent care, immediate care clinic, or a participating physician, chiropractor, authorized nurse practitioner or physician associate once your claim is enrolled in the MCO.

Treatment by Your Regular Provider

You may receive treatment from your family physician, authorized nurse practitioner, physician associate or authorized chiropractor if they meet the following criteria:

Primary Care Physician (PCP)

Must be an MD, DO, DC, NP or PA specializing in family practice, general medicine, or internal medicine.

Must have a documented history of treating you prior to your injury or have been selected as your PCP through your private health plan before the date of injury.

We're Here for You

They must comply with the terms and conditions of Providence MCO and must refer you to a Providence MCO panel provider for any additional care you may need.

Authorized Nurse Practitioner/Physician Associate

Must be authorized by the Department of Consumer and Business Services (DCBS) to treat injured workers. They may serve as your attending physician for the duration of your claim, as clinically appropriate. Please note that Providence MCO reserves the right to redirect care if treatment extends beyond reasonable and necessary timeframes or if escalation is clinically indicated. They cannot determine permanent impairment.

Authorized Chiropractor (Non-MCO)

Must have a documented history of treating you prior to your injury.
Must be authorized by DCBS to provide compensable medical services.
May treat you for up to 18 visits or 60 days, whichever comes first from the first visit on the initial claim.
May determine work status for up to 30 days.

Important Notes

If your provider is not a member of the Providence MCO panel, they must still comply with the terms and conditions of Providence MCO.

If you live outside the MCO geographic service area and there is a non-MCO provider closer to your residence than an MCO provider, you may seek treatment with a non-MCO provider. They must adhere to the terms and conditions of the MCO.

Referrals

Referrals to Providence MCO specialists are coordinated by your attending physician. If there are fewer than three providers in one of these categories in your area, you may select a provider in that category who is not a Providence MCO panel provider.

Optometrists	Dentists
Physicians	Chiropractors
Psychologists	Acupuncturists
Physical Therapists	Naturopathic Physician
Podiatrists	

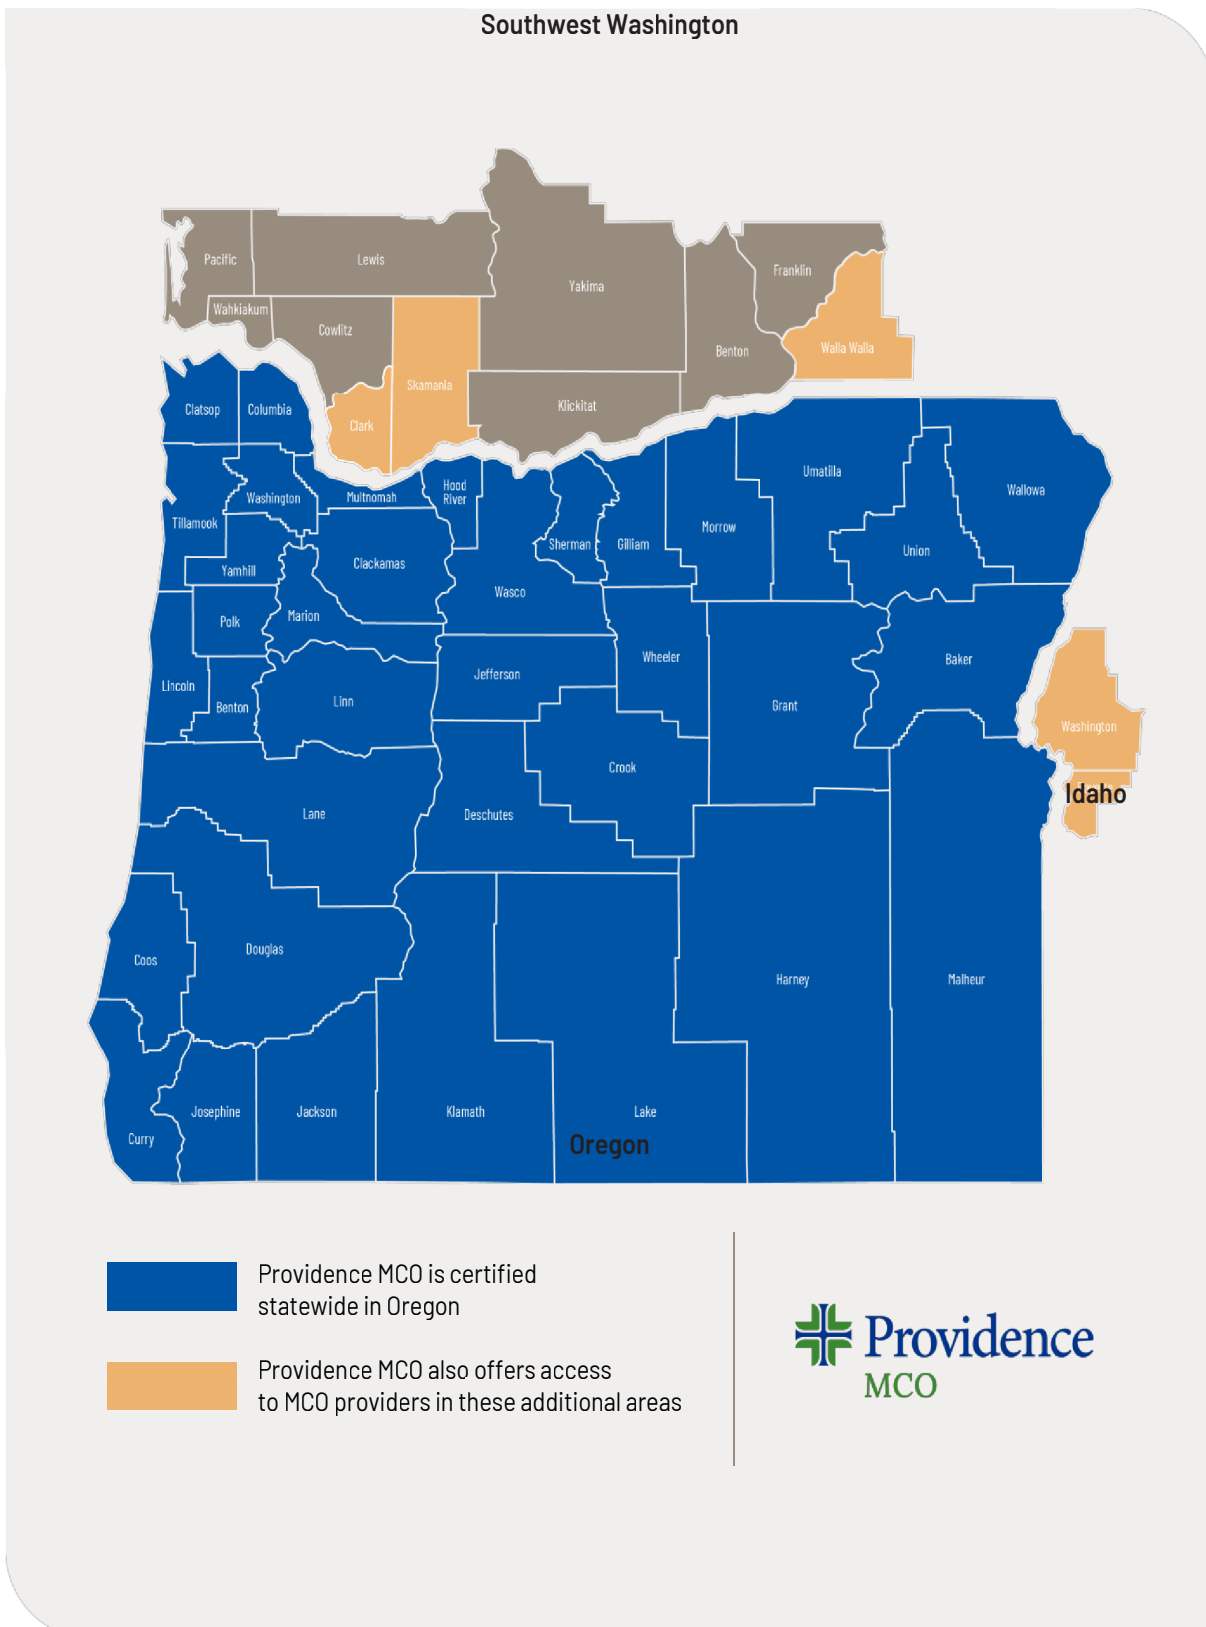

All out-of-panel providers must adhere to the terms and conditions of Providence MCO when treating MCO-enrolled workers.

Questions

If you have any questions, please call the Providence MCO Service Team, Monday through Friday between 8 a.m. and 5 p.m. (Pacific time).

Providence MCO may not have sufficient specialty care physicians or allied health care providers in areas outside of Portland. Primary care providers in these areas often refer workers to Portland for specialty care. If a worker accesses medical care in another MCO certified area, care must be provided by a Providence MCO physician.

If an MCO eligible needs services not provided by Providence MCO, care may be obtained from a non-panel medical service provider, provided that the medical treatment is consistent with MCO standards.

Providence MCO may not have sufficient specialty care physicians or allied health care providers in areas outside of Portland. Primary care providers in these areas often refer workers to Portland for specialty care. If a worker accesses medical care in another MCO certified area, care must be provided by a Providence MCO physician.

If an MCO eligible needs services not provided by Providence MCO, care may be obtained from a non-panel medical service provider, provided that the medical treatment is consistent with MCO standards.

North Coast Region

Nurse Practitioners

Nurse Practitioners

Nurse practitioners must obtain certification from the Oregon Department of Consumer and Business Services in order to treat MCO injured workers and be considered as authorized nurse practitioners (AuthNP). Authorized NPs may only treat for up to 90 days from the date of the first authorized nurse practitioner visit on the initial claim.

Providence MCO may not have sufficient specialty care physicians or allied health care providers in areas outside of Portland. Primary care providers in these areas often refer workers to Portland for specialty care. If a worker accesses medical care in another MCO certified area, care must be provided by a Providence MCO physician.

If an MCO eligible needs services not provided by Providence MCO, care may be obtained from a non-panel medical service provider, provided that the medical treatment is consistent with MCO standards.

Providence MCO may not have sufficient specialty care physicians or allied health care providers in areas outside of Portland. Primary care providers in these areas often refer workers to Portland for specialty care. If a worker accesses medical care in another MCO certified area, care must be provided by a Providence MCO physician.

If an MCO eligible needs services not provided by Providence MCO, care may be obtained from a non-panel medical service provider, provided that the medical treatment is consistent with MCO standards.

Providence MCO may not have sufficient specialty care physicians or allied health care providers in areas outside of Portland. Primary care providers in these areas often refer workers to Portland for specialty care. If a worker accesses medical care in another MCO certified area, care must be provided by a Providence MCO physician.

If an MCO eligible needs services not provided by Providence MCO, care may be obtained from a non-panel medical service provider, provided that the medical treatment is consistent with MCO standards.

Providence MCO may not have sufficient specialty care physicians or allied health care providers in areas outside of Portland. Primary care providers in these areas often refer workers to Portland for specialty care. If a worker accesses medical care in another MCO certified area, care must be provided by a Providence MCO physician.

If an MCO eligible needs services not provided by Providence MCO, care may be obtained from a non-panel medical service provider, provided that the medical treatment is consistent with MCO standards.

Providence MCO may not have sufficient specialty care physicians or allied health care providers in areas outside of Portland. Primary care providers in these areas often refer workers to Portland for specialty care. If a worker accesses medical care in another MCO certified area, care must be provided by a Providence MCO physician.

If an MCO eligible needs services not provided by Providence MCO, care may be obtained from a non-panel medical service provider, provided that the medical treatment is consistent with MCO standards.

Providence MCO may not have sufficient specialty care physicians or allied health care providers in areas outside of Portland. Primary care providers in these areas often refer workers to Portland for specialty care. If a worker accesses medical care in another MCO certified area, care must be provided by a Providence MCO physician.

If an MCO eligible needs services not provided by Providence MCO, care may be obtained from a non-panel medical service provider, provided that the medical treatment is consistent with MCO standards.

Providence MCO may not have sufficient specialty care physicians or allied health care providers in areas outside of Portland. Primary care providers in these areas often refer workers to Portland for specialty care. If a worker accesses medical care in another MCO certified area, care must be provided by a Providence MCO physician.

If an MCO eligible needs services not provided by Providence MCO, care may be obtained from a non-panel medical service provider, provided that the medical treatment is consistent with MCO standards.
